These overnight trips will include periods of study. It is the perfect opportunities to get away from distractions and be very productive. You will be in the company of other students who want to study well in preparation for exams.

Horizon is a programme, inspired by the teachings of St. Josemaría Escrivá and the spirit of Opus Dei, which aims at helping secondary schoolboys to become:

- Strong and well-grounded Catholics who have a real and deep friendship with Jesus Christ.
- Mature young men who are confident and content in their convictions and beliefs
- Young men who work hard, and who are capable of responsibility, and try to help those who are less well off.
